REASONS FOR ALLOWANCE

1. Applicant's amendment filed November 7, 2005, has been entered and made of record.
2. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 12, 13, 14, 15, 20, 21, and 22 are allowable over the prior art of record. Claims 2, 3, 5, and 8-11 depend from claim 1, and therefore, are allowed. Claims 16-19 depend from claim 15, and therefore, are allowed.

Independent claims 1, 12, 13, 14, 15, 20, 21, and 22 recite the limitations of: estimating a neighborhood for each given point of the search zone so that the neighborhood intersects the silhouette and determines a segment and wherein the directions of the silhouette are determined at each point of the segment. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest reference to Corby Jr. (PN 5,253,169, hereinafter Corby) teaches using past frames to estimate a 2D guide wire and then using this guide wire to predict a search area used to extract the current frame. However, Corby does not teach the limitation cited above.

In view of the amended claims the rejections are withdrawn and claims 1-3, 5, and 8-22 are allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
